

Luca Filippetti

Computer Engineer

✉ filippetti99.lf@gmail.com | ☎ +39 348 841 3797 | in LinkedIn | GitHub

📍 Torino, Italy | Date of birth: 10 October 1999

Experience

Politecnico di Torino | CAD - Electronic CAD & Reliability Group

Torino, Italy

RESEARCH FELLOW - ARBOARD PROJECT

Apr 2025 – Present

- Developed **AR applications (Unity/C#)** for **real-time PCB debugging** on smart glasses.
- Technologies: Unity 3D, AR Foundation, MRTK3, Python, OpenCV, Machine Learning, Git.
- Award:** Best Demo at DATE 2025. Co-author of a peer-reviewed paper presented at ISEMV 2025 (IEEE Xplore: 11327760).

Education

Politecnico di Torino

Torino, Italy

M.SC IN COMPUTER ENGINEERING (GRAPHICS & MULTIMEDIA) - 107/110

Apr 2025

Specialization in **XR, Computer Vision, and Machine Learning**. Focus on interactive graphics.

Politecnico di Torino

Torino, Italy

B.SC IN CINEMA AND MEDIA COMMUNICATION ENGINEERING - 96/110

Oct 2021

Foundation in **OOP** (Java, C++), image algorithms, and 3D modeling pipelines.

Leadership & Activities

IEEE-HKN Mu Nu Chapter (Student Honor Society)

Politecnico di Torino, Italy

HR MANAGER

Mar 2023 – Jun 2024

- Organized **recruitment for 50+ members**, managed interviews and onboarding for 2 cycles.
- Coordinated team meetings and managed **stakeholder communication** for 200+ members.

Projects

ARBOARD - AR PCB DEBUGGING PLATFORM

- Mixed reality platform for PCB debugging using Unity, C#, and MRTK3. Awarded Best Demo at DATE 2025.
- Links: Project Website | Research News | Publication (IEEE Xplore)

GYMTONIC

- Demo web application for an HCI course, implementing a fitness tracking interface with JavaScript. (GitHub)

EZWH - SOFTWARE ENGINEERING PROJECT

- Full-stack warehouse management system (WMS) web application using JavaScript. (GitHub)

STUDY-HALL-SEAT-DETECTION-SYSTEM

- CV system using YOLO and OpenCV to monitor study hall occupancy via Python. (GitHub)

LA PORTA - PSYCHEDELIC VR EXPERIENCE

- Oculus VR application featuring immersive environments. 3D development in Blender and Unity C#. (Project link)

Skills

C#, Python, Java, JavaScript, C, SQL · Unity · OpenCV · Blender · Git

Languages & Info

Italian: Native | English: B2 (IELTS) | Work Auth: EU Citizen | Availability: September 2026

Additional: Black Belt 1st Dan (Karate-Do) | Open Water Diver (SSI)
